

1694F-B-B

CABLE SERIES

Laird 1694F-B-B Belden 1694F Flexible SDI/HDTV RG6 BNC Cable

The Laird 1694F-B-B series single link BNC cables maximize SDI/HDTV signal transmission over a single coax cable while minimizing weight and space. The cables terminate with Amphenol RF 112565 BNC straight crimp plugs and Belden's 1694F digital coax cable. Available in a variety of lengths and color options.

Features:

- Low Loss Digital Coaxial Cable
- Extremely Flexible
- BNC Straight Crimp Plug
- 75 Ohm

Specifications:

- **Belden BL-1694F Cable:**
 - 19 AWG Stranded (7x27) Bare Copper Conductor
 - Gas Injected Foam HDPE Insulation
 - Double Tinned Copper Braided Shield (95% Coverage)
 - PVC Jacket
- **Amphenol RF 112565 BNC Straight Crimp Plug Connector:**
 - Impedance (Ohms): 75
 - Body Finish: Nickel
 - Body Material: Brass
 - Contact Finish: Gold
 - Contact Material: Brass
 - Contact Termination Style: Crimp
