CABLE SERIES

Laird 4C6SNK 4-Channel Belden Cat6 Ethernet Cable with RJ45 Connectors & 18 Inch Fanouts

LAIRD 4C6SNK 4-Channel CAT6 cable assemblies with standard RJ45 connectors are designed for multi-channel or redundant channel networking and data applications. Standard RJ45 connectors can connect to any standard RJ45 jack as well as etherCON jacks. This cable assembly expedites ethernet installations with quick cable runs and termination, and keeps cabling neat and organized eliminating messy bundles of zip-tied cables.

Features:

- 4 Cables in One Single Jacket
- Designed for Ethernet Applications
- Keep Cables Organized for Quick Cable Runs
- Cat6 Belden Cable
- 10Gig Shielded RJ45 CAT6A Connector

Specifications:

- **Belden 3612 Riser/CMR Cat 6+ Premium Premise Horizontal Cable (4x Bundle)**
 - Conductor AWG: 23
 - Conductor Stranding: Solid
 - Conductor Material: BC - Bare Copper
 - Conductor No. of Pairs: 4
 - Conductor Count: 8
 - Total Number of Pairs: 4
 - Outer Jacket Material: PVC - Polyvinyl Chloride
 - Max. Conductor DCR: 77 Ohm/km
 - Max. DCR Unbalance: 3%
 - Max. Capacitance Unbalance: 330 pF/100m
 - Nom. Mutual Capacitance: 15.5 pF/ft
 - UL Voltage Rating: 300 V (CMR)
 - UL Rating: 75°C
 - Operating Temp: -20°C To +75°C
 - Installation Temp: 0°C To +50°C
 - Storage Temp: -20°C To +75°C
 - Max. Pull Tension: 25 lbs
 - Environmental Suitability: Riser, Indoor
 - Flammability / Fire Resistance: UL 1666 Riser, FT4, FT4, IEC 60332-1-2
