EC8-RJ45
CABLE SERIES

Laird EC8-RJ45 CAT5e Tactical Ethernet Cable - Neutrik etherCON RJ45 to RJ45

Developed for any application requiring heavy-duty CAT5e Ethernet cable deployment! Laird's EC8-RJ45 series features Belden 7923a CAT5e DataTuff Twisted pair cable with a standard RJ45 connector at one end and a professional Neutrik EtherCON RJ45 connector on the other. The standard RJ45 connector end features a ProShell boot to protect the RJ45 locking tab.

Prevalent use of RJ45 connectors in the stage world has created the need for a road-worthy RJ45 Ethernet cable. The patented ProShell converts a conventional RJ45 connector into a robust connector solution capable of repeated connections while maintaining mechanical and electrical integrity. The only solution available that doesn't require specialized connectors at both ends, the ProShell can be used with standard hardware.

Features:

- Vox VC-12 Pedalboard Replacement Cable
- Manufactured with Premium Components
- Connector Withstands Repeated Connections & Mainstains Mechanical & Electrical Integrity
- Ideal for Use with Video & Audio CAT5e Extenders

Specifications:

- **Belden 7923a Cat5e DataTuff Twisted Pair Cable**
  - 24AWG Bonded-Pairs Solid Bare Copper Conductors
  - Polyolefin Insulation
  - Sunlight & oil-Resistant PVC Jacket
  - Neutrik EtherCON RJ45 Connector
