

## PTZ12GCMSNK

## CABLE SERIES

### Laird PTZ12GCMSNK 3 in 1 PTZ Camera Cable - Belden 12G-SDI Cat6 Audio

The Laird PTZ12GCMSNK features 3 Belden cables in one PVC jacket creating a versatile PTZ camera snake for simplified data, video, and audio transmission over one cable run. Each cable assembly includes three fanouts with protective boots on each connector. The 12G-SDI RG6 coax cable with 4K optimized BNC straight crimp plugs maximizes 4K video signal transmission distance.

Terminated with RJ45 10G shielded connectors, the Cat6 cable is suitable for gigabit Ethernet, PoE, RS-422, and noisy environments. The 2-conductor audio cable with XLR connectors is designed for use with line level audio gear.

This 3-in-1 cable assembly expedites PTZ camera installations with quick cable runs and termination, and keeps cabling neat and organized eliminating messy bundles of zip-tied cables.

### Features:

- 3 Cables in 1 PVC Jacket
- Data, Video, & Audio Transmission
- Fanouts with Protective Boots on Each Connector
- Premium Belden Cable
- High Quality Connectors

### Specifications:

- EBelden 3612 for Gigabit Ethernet, POE, POE+, 100BaseTX, 100BaseVG ANYLAN, 155ATM, 622ATM, NTSC/PAL Component or Composite Video
- Belden 4694R Meets SMPTE 2082-1 & 424M Standards
- Belden 9451 Single Pair, 22AWG Shielded Audio
