

TRUE1-ACEXT CABLE SERIES

TRUE1-ACEXT Neutrik TRUE1 powerCON Male to powerCON Female 20-Amp AC Power Extension Cable

The waterproof Laird TRUE1 power cable series are the ideal cables for live events and motion picture production. Equipped with powerCON TRUE1 devices and high quality UL recognized components, these cables will ensure durability, long life, and the highest of quality.

Features:

- Neutrik powerCON TRUE1 Locking Connector
- Flexibility in Low Temperatures
- Dust and Water Resistant According to IP65 Rating
- Water and Oil Resistant
- Fully Annealed Stranded Bare Copper Conductors for Strength and Abrasion Resistance

Specifications:

- **PWR-12/3 - SJOOW - 300V 12 AWG Heavy Duty Power Cable:**

- UL Listed 3 Conductor Jacketed Heavy Duty Power Cord
- TPrene Jacket - Black
- 3 conductor colors: Black, White and Green

- **NAC3*X-W-TOP**

- Contact Resistance: $\leq 2 \text{ m}\Omega$
- Dielectric Strength: 4 kVdc / 2.8 kVac
- Insulation Resistance: $> 0.1 \text{ G}\Omega$ (after damp heat test IEC 68-2-30)
- Number of Electrical Contacts: 2 + PE
- Lifetime: > 5000 mating cycles
- Flammability: UL 94 V-0
- Protection Class: IP65, UL50E Enclosure Type 4 (Mated)
- Temperature Range: -22°F to 176°F
- Rating Europe: EN 60320-1: 16A 250V AC
- Rating USA: UL 498: 20A 250V AC
